PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on experience in data analytics, dashboard creation, and campaign reporting using SQL, Python, Power BI, and Excel. Skilled in uncovering behavioral patterns, conducting A/B tests, and translating complex findings into clear insights for non-technical stakeholders. Committed to learning and delivering outcomes in marketing analytics, customer lifecycle, and churn/retention strategy.

TECHNICAL SKILLS

- **SQL:** Joins, Aggregations, Subqueries, Date & String Functions, Data Cleaning, Normalization
- **Python:** Core Syntax, OOP, File Handling, Data Visualization (Matplotlib)
- **Power BI:** Data Modeling, DAX, Dashboard Creation, Campaign Performance Reporting
- **Advanced Excel:** VLOOKUP/XLOOKUP, Pivot Tables, Pivot Charts, Data Cleaning
- **Analytics:** A/B Testing, Hypothesis Testing, Chi-Square Tests, Churn & Retention Analysis
- **AI Tools:** Exposure to Claude, Gemini for automation and insight generation

PROJECTS

Employee Salary, Experience & Compensation Dashboard | Excel, Python, Power BI ([Link](#)) Jan 2026 – Feb 2026

- Analyzed compensation data to uncover churn signals and behavioral patterns across departments and job roles.
- Built comparison frameworks to evaluate salary trends vs. attrition — analogous to A/B hold-out analysis.
- Developed a Power BI dashboard with DAX measures to surface insights for data-driven decision-making.
- Translated findings into clear visualizations and recommendations for senior stakeholders.

Sales Retail Performance Analysis | Excel, Python (Pandas & Matplotlib) ([Link](#)) Dec 2025 – Jan 2026

- Conducted EDA on retail sales data to identify revenue trends, product performance, and regional engagement patterns.
- Performed customer segmentation to detect drop-off behavior and high-value clusters — mirroring lifecycle analytics.
- Developed Matplotlib visualizations to communicate insights clearly to non-technical audiences.
- Implemented data validation checks to ensure accuracy before generating performance reports.

INTERNSHIP EXPERIENCE

Data Entry Specialist - Government Medical College, Omandurar Government Estate, Chennai June 2024 - Nov 2024

- Managed and cleaned structured datasets of 500+ records using Advanced Excel, improving data accuracy and consistency.
- Maintained verified participant and payment records with 100% reconciliation accuracy
- Prepared standardized reports used for coordination across multiple institutions — directly transferable to campaign reporting workflows.

EDUCATION

University of Madras - D.R.B.C.C.C Hindu College - Chennai 2021 - 2024

BCA - Bachelor of Computer Application | CGPA: 6.9 | **First Class**

Nazareth Matriculation Higher Secondary School - Chennai

HSC | Percentage: 75% 2020 - 2021

SSLC | Percentage: 66.2% 2018 - 2019

CERTIFICATION AND LEARNING

- Infosys – Introduction to Artificial Intelligence
- Visual Intelligence: Exploring AI and Image Processing
- Self-learning: SQL (Joins, Subqueries), Excel Dashboards, Python for Data Analysis
- Hands-on practice via Kaggle — focusing on customer behavior datasets
- Currently exploring: Hypothesis Testing, Chi-Square tests, Email Marketing concepts, and Adobe Journey Optimizer (AJO).
